Subject: RE: FDA Rx website

I've never used this site. Could we use it rather than Micromedex?

The Micromedex site is becoming increasingly problematic and imprecise. Colors are wrong (for example, Swedish Orange is really red) and descriptions are badly worded (for example, one cannot distinguish whether a particular mark is on one side of a tab or the other).

Subject: FDA Rx website

For those who don't have it, here is the link to the FDA database of prescription Rx's:

<http://www.accessdata.fda.gov/scripts/cder/drugsatfda/>
